About Agroexpo

XXIV
agroexpo
corferias 2023

Agroexpo is the largest Agriculture and Cattle Show in Latin America. It is a event that occurs every 2 years. In July 2023 will be its 25th edition and will be the bacground for the 2025 World Brown Swiss Conference.

From July 13th to 23rd 2023, Agroexpo will host more than 600 exhibitors and will display more than 3000 bovine cattle plus horse, sheep, Buffalo and Goats exhibitions.

Agroexpo is the Cattle and Agriculture show that has brought together the agricultural sector for more than 45 years, managing to consolidate itself as the most representative in Latin America. Every 2 years the doors are opened for the scenario that promotes the generation of business and commercial contacts that strengthen the Networking of the sector.

In its 2023 edition, it has as its main message "We cultivate the country's agrifood future", this in order to position the expo as the best scenario of opportunities for all the actors that are part of the productive process, which, with its labor, allow food to reach millions of homes.
